Two-way Switch and
2 MÀTIX module Housing

Nameplate pushbutton for 503E (available in LIVING, LIGHT, LIGHT TECH aesthetic)
IDROBOX PLUS
# IP66 enclosure: protection with plug connected
IP66 enclosure

■ **IT ASSURES THE IP66 PROTECTION WITH ALL TYPES OF PLUGS:**
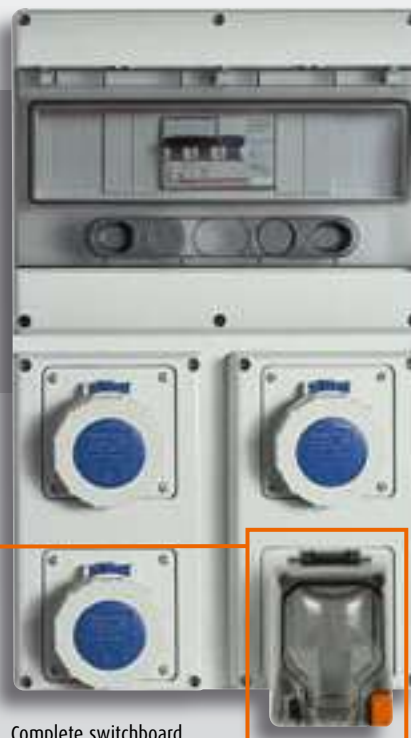

Straight plugs

90° plugs

RJ connector

■ The **IP66 container** is suitable for installation on TIPLUG switchboards, thus resolving the problem of the switchboard protection downgrading when devices with civil plugs are used.

Complete switchboard

IDROBOX PLUS
IP55 controls and housings without transparent sheath
For installations in the home.
